

MECHANICAL DESIGN ENGINEER

Name: Ethan Miller
Email: ethan.miller@example.com

Summary

Mechanical Design Engineer with 4 years of experience developing manufacturable components, assemblies, and prototypes for industrial equipment. Experienced in CAD modeling, tolerance analysis, design reviews, and collaboration with manufacturing teams.

Skills

* SolidWorks * AutoCAD * GD&T	* FEA * Design for Manufacturing * 3D Printing

Experience

Apex Industrial Systems Mechanical Design Engineer 02/2023 to Current

- Designed mechanical assemblies and production components using SolidWorks and GD&T standards.
- Performed tolerance stack-ups and basic FEA analysis to support design decisions.
- Collaborated with manufacturing engineers to resolve drawing and assembly issues before production.

Vector Fabrication Mechanical Engineering Intern 06/2021 to 01/2023

- Created detailed manufacturing drawings and assisted with prototype fabrication and testing.

Education and Training

Bachelor of Science : Mechanical Engineering | 2021 | University of Minnesota, Minneapolis, MN

Certification: Autodesk Certified Professional ? AutoCAD

Skills

- SolidWorks
- AutoCAD
- GD&T
- FEA
- Design for Manufacturing
- 3D Printing
